CANADIAN CHAMPIONSHIPS

The 1966 Canadian Albacore Championships were held on the weekend of September 23, 24 and 25 on Lake Rosseau under the severest weather conditions in the history of the event. The winds had reached such a force by Saturday afternoon that it was necessary to cancel the two races scheduled for that afternoon and run two races the next morning instead of one. As a result the Championships were decided on the basis of the best three races out of four rather than the usual four out of five.

The results of A Class indicate that our top sailors perform well under all conditions. Bill Gooderham, with a perfect 1-1-1 finish, was the winner, followed by Jack Langmaid and Don Wilson.

Larry Cond edged Tom Reed in a close two-way fight for first place in B Class, followed by John Brooke Jr. and Colin Rabnett.

A great debt of gratitude is owed by the Association to Bill Macintosh for the magnificent job which he has done as Regatta Chairman both in 1965 and in 1966. Although he has officially retired we hope that he will be available as Regatta Consultant in future years.

The overall standings of A and B Classes are as follows:
