

With just a few weeks before the 2018 year closes out, the Canadian Albacore Association's executive would like to thank all members, volunteers and clubs for supporting the class. We have had another successful year, full of fun regattas and events.

Success takes effort, effort requires time. Thank you to anyone who has contributed their time as an executive, at a club, volunteering, mentoring, coaching or time on a race committee. Your time impacts the success of the class, our clubs and the sailing community overall.
